NEWSLETTER

Dear Members

This is the second newsletter of 2021 and we hope that it finds you all well and enjoying the national relaxation of restrictions.

Things have been going well at the villas and members are enjoying their stay which is nice to see after the testing times to date.

There are still the restrictions and limitations in place at the villas as we continue to provide the safest environment we can for members and staff. We thank members for their cooperation and help in our endeavours.

WEEKS OWED TO MEMBERS

For any of our members that were unable to use their weeks due to the pandemics and have not contacted the office to arrange an alternative week, we would urge you to contact the office and arrange an alternative date with weeks available from November 2021 through to mid-March 2022.

The offer to book a week-in lieu will close on the 1st December 2021 this is in order to programme the use of the villas and necessary maintenance activities going forward into 2022. So please book your week(s) before that date.

WI-FI

The Committee are continuing to investigate this matter but at the moment, are unable to obtain sufficient coverage for the requirement of the resort.

GATES TO THE RESORT

The gates to the resort will remain closed on the check-in day until the check-in time of 4.00 p.m.

CAR CHARGERS

It is hoped that a central point for electric vehicle charging will be installed on the Broome Park Estate in the future. Colette will be liaising with the new manager of the Hotel regarding this facility.
